

**Curriculum**

The board has responsibility for maintaining a minimum program of instruction as required and guaranteed by the state statutes and Nebraska Department of Education rules and regulations.

School district officials are responsible for maintaining the program of instruction in accordance with the provisions of the Constitution of the state, the acts of the legislature, the rules and regulations of the state board of education and the policies and regulations of the board.

The Board of Education accepts and adopts the academic content standards as approved by the State Board of Education for Language Arts (reading and writing), Mathematics, Science, and Social Studies and such standards as are subsequently adopted or amended by the State Board.

The administration shall be responsible for implementing assessments on the state standards in accordance with the procedures established by the State Board and the Department of Education.

The district shall provide principals and staff with curriculum materials to support the instruction of board-approved curriculum. Board approved curriculum is kept current and shall be available for inspection at the Central Office and in each school. Written curriculum shall include subject fields as required by state statutes and Nebraska Department of Education Rules and Regulations.
